Dr. Willi HOETIL - Correspondence Files

1. Herewith four rolls of microfilm of Willi HOETIL's personal files, which were seized on the occasion of his arrest on 25 March 1953.

2. Most of these files were examined by [redacted] and [redacted] during the two weeks Willi HOETIL was held, and appropriate exploitation made at the time. Our examination of these files since then has filled in our picture, to some extent, of HOETIL's association with ZIPPERite V-11720, who would appear to act pretty much as HOETIL's agent for business and personal affairs in Germany. We have pointed out the disadvantage to ZIPPER of having so close a connection to the eternal Willi, but, naturally, without avail.
